

Rating forming a part of a engineering watch in a manned engine-room

According to the Ordinance on Vocations and Certificates of Competencies for Seafarers (of the Republic of Croatia):

Every rating forming part of an engine-room watch or designated to perform duties in a periodically unmanned engine-room on a seagoing ship powered by main propulsion machinery of 750 kW propulsion power or more, other than ratings under training and ratings whose duties are of an unskilled nature, shall be duly certificated to perform such duties.

Every candidate for certification shall: be not less than 16 years of age and have completed: approved seagoing service including not less than six months of training and experience, or special training, either pre-sea or on board ship, including an approved period of seagoing service which shall not be less than two months; and meet the standard of competence specified in section A-III/4 of the STCW Code.

The documentary evidence has validity without time limit.

Acquired competences:

- Carry out a watch routine appropriate to the duties of a rating forming part of an engine-room watch
